RON ACETO TEACHING PORTFOLIO RESOURCE

Responsible AI Use Checklist

Responsible classroom routines for AI use, learning support, and student ownership.

Designed for practical classroom use with student-safe language, clear routines, and standards-aware planning notes.

AI Literacy Starter Kit | Updated June 2026

Responsible AI Use Checklist

Standards review note (June 2026): Tennessee Computer Science Foundations course standards (C10H11) remain published by the Tennessee Department of Education as May 2023 standards. Standards references in this resource are intended as cautious instructional alignment notes; final alignment should be confirmed against local district pacing, course placement, and current district guidance.

Responsible AI Use Checklist

Responsible AI Use Checklist

AI Literacy Starter Kit | Student Tool | Students

Purpose: Use this checklist before, during, or after using AI for schoolwork. The goal is to make

sure AI is supporting learning, honesty, privacy, and student ownership.

Use this checklist before, during, or after using AI for schoolwork. The goal is to make sure AI is supporting learning, honesty, privacy, and student ownership.

Purpose

- Am I using AI to learn, understand, practice, revise, or organize?
- Am I avoiding work I am supposed to do myself?
- Did I try to think through the task before asking AI?

Honesty

- Did I follow my teacher's directions?
- Would I be comfortable explaining how I used AI?
- Did I keep track of any AI help I used?

Verification

■ Did I check important facts?

- Did I compare the response with class notes, a textbook, or a trusted source?
- Did I look for missing details, oversimplifications, or possible mistakes?

Ron Aceto | Page 3

Privacy

- Did I avoid entering personal information?
- Did I avoid sharing private information about others?
- Did I follow school and family rules?

Ownership

- Can I explain this work in my own words?
- Did I make the final decisions?
- Does the final work sound like me and reflect my own effort?

Final Check

One thing I verified: _____

A

AI should help students think better, not think less

1

One thing I still need to understand better: _____

My teacher's AI directions for this task are: _____

A

AI should help students think better, not think less

Detailed Tennessee Standards Connection

This checklist supports standards by helping students make responsible decisions before, during, and after using AI for schoolwork.

Standards source: Tennessee Department of Education, Computer Science Foundations (C10H11), May 2023. Confirm final alignment against local district pacing, approved course placement, and teacher directions.

This resource may support the following Tennessee standards when used as part of AI literacy,

Ron Aceto | Page 4

digital ethics, computer science, or cybersecurity instruction

- CSF 13.1 - Social, Legal, and Ethical Issues: Students identify responsibilities related to ethical technology use, academic integrity, copyright, privacy, and appropriate AI use.
- CSF 14.1 - Data Security: Students explain why protecting data and personal information matters and connect privacy decisions to responsible technology use.
- CSF 9.2 - Troubleshooting Process: Students use a structured process to identify a need, test or improve a response, verify the result, and document what they learned.

Cautious guidance: Alignment depends on local district pacing, approved course placement, teacher directions, and how the resource is used as part of instruction.

A

AI should help students think better, not think less

3

A

AI should help students think better, not think less

4
