

Student AI Agreement

AI Literacy Starter Kit | Grades 8-12

Student Tool

AI should help students think better, not think less.

What this resource helps students do

- Use AI responsibly as a learning partner
- Protect privacy and academic integrity
- Reflect before relying on AI support

Tennessee Standards Connection (Summary)

This resource may support Tennessee Computer Science Foundations standards when used as part of AI literacy instruction. See the full agreement document for detailed standards connection.

AI should help students think better, not think less.
